## BURROUGHS ADDING and LISTING MACHINE

was the invention and life work of William Seward Burroughs, a native of New York, who loved the machine better than he did the Dollar. It was never gotten up simply to sell, but first of all to do its work *perfectly*, then it was made to last indefinitely, and of course its sale couldn't be stopped. That is history, cut short, which accounts for the enormous Burroughs plant up at Detroit, and for the fifty thousand Burroughs machines in daily use.—*Gooch*.

Pure foods and pure foods only, is our motto. We will keep no other kind in stock. We will send no other kind. If pure groceries cost more than adulterated we cannot help it; we sell the best as low as we can. We do not profess to compete with every house in the trade, but we will compete with every house in the United States on the *same quality* of merchandise. Our stock comprises—high flavored Teas; rich, full-bodied Coffee; Canned Fruits and Vegetables packed at the gardens with care and cleanliness; the finest and purest Olive Oil shipped from any part of Europe. We carry the largest stock of any house of this kind in Baltimore. You can always buy the best from Jordan Stabler Company, Madison and Eutaw Sts., and Roland Park. We contract with the packers and manufacturers; we import our foreign goods direct and no house can give you better goods or lower prices.

Baltimore's Leading Caterer

114 RICHMOND STREET

HAVING served the majority of the large and important affairs of the past few seasons, we are better situated than any other Baltimore Caterer to serve "up-to-date" functions, of a large or small character.

At Jamestown where we competed with the leading caterers of Washington and New York we succeeded in serving the greater number of the larger affairs at all the state buildings, including the dinner and dance in honor of Prince Wilhelm of Sweden. We guarantee satisfaction and our prices will be found to be the cheapest consistent with the best service.

OF BALTIMORE

*St. Paul and Twenty-fourth Streets.*

A strictly college preparatory school for both boarding and day pupils, having the largest attendance of any school of its class in the East. Certificate privileges are held with Smith College, Vassar College, Wellesly College and Woman's College of Baltimore.

The hygienic construction of its two buildings has received unsolicited editorial praise from the U. S. Health Bulletin.

Fourteen University and College Graduates compose its teaching force. Especial attention is given to the methods of instruction as well as to the character of the material presented.

An excellently well equipped gymnasium of large proportions enables two specialists to secure the proper physical development of the students.

One of the best chemical laboratories found in preparatory schools, an excellent library, and satisfactory equipment in all other school helps adequately provide the tools of instruction.

A school where thorough work is done and where a high moral atmosphere prevails.

A thorough organization of all features of the administration secures individual attention to the needs of each pupil. Classes are small, and home work is carefully directed.
